Camp staff will have the final decision determining the appropriateness of any suit worn by either gender, reserving the right to require any camper, volunteer, or staff member to wear a t-shirt over swimsuit.

In keeping with the Christian atmosphere at camp, all clothing should be modest. Such things as belly shirts, low-rise jeans and pants for females (meaning no bare midriff), and extremely baggy pants on males (meaning pants that are meant to fall off from the waist) will be restricted. In most cases a t-shirt on top of the clothing will make the outfit acceptably modest.
